

BIG ROCK BOAT RAMP UPGRADES

JUNE - OCTOBER 2018

ATTENTION BOAT USERS!

This summer, the City of Campbell River is starting its waterfront improvement project. Part of that project is an upgrade to the in-water areas of the Big Rock Boat Ramp. That means Big Rock will be closed from mid-June to October. Use this map to see where to launch this summer.

This work is part of the 2018 - 2020 Campbell River waterfront improvement project. Want to know more about what's planned? Contact us at capitalprojects@campbellriver.ca
