- (c) neglects or refrains from doing anything required under this bylaw; or
- (d) who suffers or permits any act or thing to be done in contravention of any of the provisions of this bylaw;

is deemed to have committed an infraction of, or an offence against, this bylaw and is liable on summary conviction to a fine not less than \$5,000 and a maximum of \$50,000, or to imprisonment for not more than six months, or to both.

For continuing offences, each day that such violation is caused, or allowed to continue, constitutes a separate offence.

SECTION 12 DEFAULT:

Where in this Bylaw any matter or thing is required to be done by any person, in default of it being done by such person, such matter or thing shall be done at the expense of the person in default and the expense thereof may be recovered, with costs and interest at the rate prescribed in Section (11)(3) of the Taxation (Rural Area) Act in the same manner as municipal taxes.

SECTION 13 INSPECTION:

Any Peace Officer or District Employee may enter, at all reasonable times, upon any property subject to the regulations of this Bylaw in order to ascertain whether such regulations or directions are being obeyed.

PART III - REMOVAL OF VEHICLES, CHATTELS, SNOW, SIGNS AND RUBBISH

Amd Bylaw 3608 Feb/16 Section 14

SECTION 14 REMOVAL OF VEHICLES:

A Peace Officer, Bylaw Enforcement Officer or a person authorized by the Public Works Manager or Engineering Services Manager may move or cause to be moved a vehicle, or seize, detain or impound a vehicle or cause a vehicle to be seized, detained or impounded and taken to and stored in a safe and otherwise suitable place under any one of the following circumstances:

- (a) The vehicle is one of which there is five (5) or more unpaid parking tickets.
- (b) The vehicle is unlawfully occupying any portion of a highway or public place.
- (c) The vehicle is parked on any highway or public place in such a manner as to impede the removal of snow by the District, its contractors or authorized agents engaged in work upon a highway.

SECTION 15 TOW-AWAY ZONES:

Without limiting the generality of Section 15, the following zones are hereby established as tow-away zones.

- (1) Bus Stops** Any vehicle other than a vehicle which is operated by B.C. Transit, or an emergency vehicle which is in actual use for official duties, which is stopped, standing or parked on a portion of a highway marked by a red curb or by signs indicating the location of a bus zone or a bus stop pursuant to the provisions of this Bylaw, shall be subject to tow-away and impoundment by the District, or its contractors, during the hours of 6:30 a.m. to 7:00 p.m. Monday, Tuesday, Wednesday, Thursday and Saturday, and from 6:30 a.m. to 10:00 p.m. on Friday.
- (2) Fire Zones** Any vehicle, other than an emergency vehicle which is in actual use for official duties, which is stopped, standing or parked on a portion of a highway which is designated as a "fire zone" by traffic control device/s, pursuant to the provisions of this Bylaw may be subject to tow-away and impoundment by the District, or its contractors at all times on each and every day of the year.
- (3) No Stopping Zones** Any vehicle, other than an emergency vehicle which is in actual use for official duties, which is stopped, standing or parked on a highway in a "no stopping zone", as indicated by traffic control device(s) erected pursuant to the provisions of this Bylaw may be subject to tow-away and impoundment by the District or its contractors during the periods indicated on the applicable traffic control device.
- (4) Off-Street Parking Facilities** Any vehicle other than an emergency vehicle which is in actual use for official duties, which is stopped, standing or parked in an off-street parking facility in contravention of Section 5 of this Bylaw, may be subject to tow-away and impoundment by the District or its contractors.

SECTION 16 REMOVAL OF CHATTEL OR OBSTRUCTIONS:

Any chattel or obstruction unlawfully occupying any portion of a highway or public place may be removed, detained or impounded by any person authorized to do so by the Engineering Services Manager or a Peace Officer.

Amd Bylaw 3741 Sept/19 Section 17

SECTION 17 REMOVED, DETAINED OR ABANDONED:

- (1) Any chattel, obstruction or vehicle removed, detained or impounded may be recovered by the owner upon presenting proof of ownership and upon payment in full of any fees, costs and expenses which may be levied pursuant to the provisions as specified in Schedule "E" attached to and forming part of this Bylaw to:
 - (a) The District's towing contractor or authorized agent in the case of a vehicle.
 - (b) Municipal Hall during regular business hours in the case of any chattel or obstruction.
- (2) If a vehicle is removed, detained or impounded under section 14 and not claimed by the owner within 72 hours, then the vehicle may be disposed of pursuant to the *BC Motor Vehicle Act*. Fees, costs and expenses incurred in the disposal of a vehicle under this subsection, less the proceeds of disposition, if any, are recoverable from the vehicle owner.
- (3) Any vehicle abandoned in a highway or public place may be disposed of by sale, destruction or otherwise after 14 days have elapsed since the date of a notice furnished to the vehicle owner in accordance with the *BC Transportation Act*.
- (4) Fees, costs and expenses incurred in the disposal of a vehicle under subsection (3) including without limitation the seizure, removal, impoundment or disposal of the vehicle, less the proceeds of disposition, if any, are recoverable from the vehicle owner.

SECTION 18 PUBLIC AUCTION:

- (1) Any chattel or obstruction not claimed by its owner within 30 days of its impounding or detention may be sold at public auction, and such auction shall be advertised at least once in a newspaper circulating in the District.
- (2) The proceeds of such auction sale shall be applied firstly to the cost of the sale, secondly to the fees, costs and expenses of the District or its contractors or authorized agents as set out above and thirdly the balance, if any, shall be held by the District for one (1) year from the date of the sale for the owner. If unclaimed at the end of the year, such sum shall be paid into the General Revenue of the District.
- (3) Should any chattel or obstruction not be purchased at public auction held pursuant to (1), then the chattel or obstruction shall be disposed of in the sanitary landfill, or a place approved by the Engineering Services Manager, and the expenses incurred in the removal or disposal of the chattel or obstruction, less the proceeds (if any) of disposal, are recoverable as a debt due the District from the owner.

SECTION 19 MARKET VALUE LESS THAN \$100.00:

- (1) Notwithstanding the preceding provisions, where any garbage, rubbish, or chattel with an apparent market value of less than One Hundred Dollars (\$100.00) is left on any highway, such article or articles may be removed and disposed of by the District of Campbell River and the full costs of removal or disposal shall be charged to the owner of the garbage, rubbish, abandoned or unlicensed motor vehicle.

SECTION 20 REMOVAL OF SNOW, ICE OR RUBBISH:

- (1) Owners or occupiers of real property shall immediately remove any snow, ice or rubbish from any roof or other part of any structure situated adjacent to or abutting on any portion of any highway if it constitutes a danger to persons or property using the highway by imposing a threat of falling upon the highway.
- (2)
 - (i) Owners or tenants of all Commercial, Industrial and Institutional premises are required to clear snow and ice from the sidewalks abutting their premises by 10:00 a.m. on any day that the premises are open to the public.
 - (ii) Owners or managers of all Multi-Unit Residential premises are required to clear snow and ice from the sidewalks abutting their premises by 10:00 a.m. on any day that the premises are occupied.
 - (iii) Owners or tenants of Single and Duplex Residences are requested to clear snow and ice from the sidewalks abutting their premises.

No person shall clear snow or ice from sidewalks abutting their premises and place it on a roadway, except where the removal of the snow or ice onto their premises is impractical.

Where snow and ice is required to be cleared from the sidewalks, these sidewalks will be inspected on a periodic basis, or upon a complaint being received by the Bylaw Enforcement Officer. If a sidewalk has not been cleared, as required, a violation notice will be issued and 24 hours will be given for the owner, manager or tenant to clear the sidewalk.

If the clearing has not taken place within the 24 hours the District may have the work done and actual costs will be charged to the owner of the property.

SECTION 21 POSTING OF SIGNS:

- (1) No person shall post or exhibit any poster, playbill, dodger, card or placard of any kind upon or adjacent to any highway other than what is provided in the Sign Bylaw currently in effect.

PART IV - EXTRAORDINARY TRAFFIC

SECTION 22 INTERPRETATION:

In this Part:

"Extraordinary Traffic" includes the carriage of any goods or persons over a highway, at either one or more times, and whether in vehicles drawn by animal power or propelled by some other means, that when taken in conjunction with the nature or existing condition of the highway is so extraordinary or improper in the quality or quantity of the goods or the number of persons carried, or in the mode or time of use of the highway or the nature of the vehicle used, or in the speed at which the vehicles are driven or operated, as, in the opinion of the Engineering Services Manager, to substantially alter or increase the burden imposed on the highway over that imposed through its proper use by ordinary traffic, and to cause damage and expense in respect of the highway beyond what is reasonable or ordinary.

SECTION 23 APPLICATION:

This part does not apply to arterial highways.

SECTION 24 DAMAGE:

Where in the opinion of the Engineering Services Manager, any highway is liable to be damaged because of extraordinary traffic operating upon it, he may regulate, limit or prohibit the use of the highway by any person operating or in charge of the extraordinary traffic, or owning the goods carried thereby or the vehicles used therein.

SECTION 25 COMPENSATION:

Any person to whom this Part might otherwise apply may, with the approval of the Engineering Services Manager, enter into an agreement for the payment to the District of compensation in respect of the damage or expenses which may, in the opinion of the Engineering Services Manager, be caused by the extraordinary traffic, and thereupon that person shall not be subject to any prohibition or penalty prescribed in this Part, in respect of that extraordinary traffic.

SECTION 26 OFFENCE:

Every person driving on or using the highway, in contravention of a regulation, limitation or prohibition made under Section 24, commits an offence, and is liable, on summary conviction, to a fine of not less than One Hundred Dollars (\$100.00) and not more than Two Thousand Dollars (\$2,000.00).

PART V - NOISE

SECTION 27 PUBLIC ADDRESS SYSTEMS:

No person shall use or operate any megaphone, loudspeaker or other sound amplifying device, instrument or system on any highway for the purpose of broadcasting a message or advertising, except with the written permission of the Engineering Services Manager or Bylaw Services Supervisor.

PART VI - SAFETY EQUIPMENT

SECTION 28 APPLICATION:

This part does not apply to arterial highways.

SECTION 29 SPECIAL EQUIPMENT:

The Engineering Services Manager may, by public notice or by the placing of signs, prohibit vehicles from being driven or operated on a highway if such vehicles are not equipped with chains, winter or all season tires, or any combination of these which the Engineering Services Manager may consider adequate and necessary in view of prevailing road conditions.

For the purposes of a prosecution under this Section, the onus is on the accused to prove that a tire alleged not to be a winter tire is in fact a winter tire adequate for the safe operation of a vehicle, in view of prevailing road conditions.

PART VII - USES REQUIRING ENGINEERING SERVICES MANAGERS' PERMISSION

SECTION 30 APPLICATION:

This Part does not apply to arterial highways.

SECTION 31 RESTRICTIONS:

Except as authorized by a permit issued by the Engineering Services Manager pursuant to Part VIII of the Bylaw, no person shall:

- | | | |
|-----------------------------|-----|---|
| Excavations | (1) | dig up, break up or remove any part of a highway, or cut down or remove trees or timber growing on a highway, or excavate in or under a highway. |
| Damage To Boulevards | (2) | cause damage to, cut down or remove, trees, grass, shrubs, plants, bushes and hedges, fences, signs or other things erected, planted or maintained by the District on a highway. |
| Stopping Water | (3) | change the level of a highway in any manner whatsoever, or stop the flow of water through any drain, sewer or culvert on, through or under a highway. |
| Structures | (4) | place, construct or maintain a loading platform, skids, rails, mechanical devices, buildings, signs or any other structure or thing on a highway or any portion of a highway. |
| Effluent From Drain | (5) | construct or maintain a ditch, sewer or drain, the effluent from which causes damage, fouling, nuisance or injury to any portion of a highway. |
| Defacing | (6) | mark, imprint or deface in any manner whatsoever a highway or a structure situated upon a highway. |
| Signs | (7) | erect or maintain any sign, advertisement or guide-post on or over any highway or alter, repaint, tear down or remove any sign, advertisement or guide-post erected or maintained on any highway. |
| Tracked Vehicles | (8) | operate tracked vehicles, whether equipped with road plates or not, on sidewalks, boulevards, roadways or lanes, other than for the purpose of snow removal or grading. |
| Construction | (9) | construct a boulevard crossing, including a curb, ditch or sidewalk crossing. |

PART VIII - CONDITIONS OF ENGINEERING SERVICES MANAGERS' PERMISSION

SECTION 32 PERMIT FEE:

- (1) The Engineering Services Manager may issue a permit to do any of those things otherwise prohibited in Section 31 of this Bylaw.
- (2) A permit shall be issued under (1) above in the form prescribed in Schedule "F" attached to and forming part of this Bylaw and shall be issued subject to the payment of the application fee of Fifty Dollars (\$50.00) or such fees as may be specified in the Schedules, attached to and forming part of this bylaw, and which are applicable, and subject to such other conditions as may be contained in this part.

SECTION 33 PLANS:

The applicant shall provide four complete copies of satisfactory plans and/or specifications of the work to be undertaken and when such are supplied and approved by the Engineering Services Manager and the necessary permit issued, the work shall conform in every way to the plans and specifications so provided.

SECTION 34 STANDARD CONDITIONS TO APPLY:

Any and all work which is carried out under a permit issued pursuant to the provisions of this Part shall conform in every way to the regulations set out in the District of Campbell River Standards Specifications", as established by the Engineering Services Manager.

SECTION 35 DEPOSIT:

- (1) Prior to the issuance of any permit under this Part, the applicant shall deposit with the Engineering Services Manager a sum of money sufficient to pay for the cost of repairing any damage likely to be done to the highway, and as sufficient security that the obligations imposed by the permit are fulfilled within the time specified by the permit.
- (2) The deposit required in (1) above, shall equal ten percent (10%) or One Hundred Dollars (\$100.00), which ever is greater, of the total value of the work to be carried out and shall be in the form of cash or a certified cheque.
- (3) Notwithstanding (2) above, if the sum of money required pursuant to (2) above is greater than Five Hundred Dollars (\$500.00), the applicant may deposit with the Engineering Services Manager an Irrevocable Letter of Credit from a financial institution.

SECTION 36 AS BUILT PLANS:

Following completion of the work, the applicant shall provide satisfactory plans of the works installed by the applicant if works are installed by the applicant and such plans shall be drawn to a scale satisfactory to the Engineering Services Manager and shall show the location, size and description of the works and the date of installation. The plan shall be supplied prior to the return or refund of any deposit or security posted as a condition of the permission.

SECTION 37 REFUND LESS INSPECTION FEE:

Where a deposit has been made in accordance with this Part and upon satisfactory completion of the work within the time specified, the deposit shall be refunded to the applicant less an inspection fee of Fifty Dollars (\$50.00) where applicable.

SECTION 38 DEFAULT:

Failure by the permit holder to repair damage and/or fulfill such obligations as are set out in the permit within the specified time shall enable the District to carry out such repairs or fulfill such

obligations that have not been met under the terms and conditions of the permit, and to deduct the cost thereof from the monies on deposit, or to call on the Irrevocable Letter of Credit and to pay the costs therefrom, and should there be an insufficiency of monies on deposit or through the Letter of Credit, then the applicant shall pay the balance forthwith, upon invoice, required by the District to carry out the works or fulfill the obligation, and such balance shall be paid in addition to an administration charge of Fifty Dollars (\$50.00).

SECTION 39 WARNINGS:

Any person doing work on, in, over or under any highway shall provide and place appropriate barricades, lights and other safety devices as are required to protect the public.

SECTION 40 INSURANCE:

The applicant shall provide evidence satisfactory to the Engineering Services Manager that he is insured against all claims for damages for personal injury and property damage which may arise out of the performance of the work covered by the permit and such insurance shall be in an amount of not less than Three Million Dollars (\$3,000,000.00) with the District of Campbell River as an additional named insured, for each occurrence, and the applicant shall waive all rights of subrogation to the District.

SECTION 41 MATERIALS:

The applicant shall provide evidence satisfactory to the Engineering Services Manager that all materials, labour and equipment which are needed to complete the work with reasonable dispatch are available.

SECTION 42 UTILITY COMPANIES AND DISTRICTS:

- (1) The Engineering Services Manager may issue a permit to a public utility company permitting such company, over the calendar year for which the permit is applicable, to carry out such work as may be necessary in the case of an emergency to repair any break or damage to the utilities under their control, and subject to the terms of any franchise or other agreement entered into between such utility and the District of Campbell River.
- (2) There shall be no charge levied for an annual permit issued under (1).

PART IX - TRAFFIC CONTROL DEVICES

SECTION 43 APPLICATION:

The provisions of this Part do not apply to arterial highways.

SECTION 44 LOCATION:

Council under the authority of the Motor Vehicle Act and Local Government Act hereby delegates to the Administrator on the advice of the Engineering Services Manager the sole authority to approve Traffic Orders for the placing or erection of any applicable traffic control devices at such places as designated in the Order to give effect to the provisions of this Bylaw and the Motor Vehicle Act.

Such traffic control devices shall include all signs contained in the B.C. Motor Vehicle Act Regulations (1984), and without limiting the generality of the foregoing shall also include:

- | | | |
|----------------------------------|------|--|
| Sidewalks, Bridges, Lanes | (1) | Signs to regulate, control or prohibit pedestrian traffic, ridden or herded animals, vehicular traffic and cycle traffic on sidewalks, bridges, walkways or boulevards, or in lanes. |
| Stop Signs | (2) | Signs to regulate, control or prohibit the stopping of vehicles. |
| Parking | (3) | Signs for the regulation, control or prohibition of standing or parking of vehicles. |
| Public Buildings | (4) | Signs to set apart and allot portions of highways adjacent to government buildings for the exclusive use of officials and officers engaged therein for the parking of vehicles and the regulation of such parking. |
| Persons Working | (5) | Signs where construction, reconstruction, widening, repair, marking or other work is being carried out indicating that persons or equipment are working upon the highway. |
| Construction Zone/Detours | (6) | Signs where construction, reconstruction, widening, repair, painting or marking or other work is being carried out to regulate or prohibit traffic in the vicinity of such works. |
| Pedestrians | (7) | Signs to regulate or prohibit pedestrian traffic on highways other than at crosswalks. |
| Skates | (8) | Signs to regulate, control or prohibit persons using rollerblades, roller skates, sleighs, skateboards, skates, skis or other similar means of conveyance on a highway. |
| Turn Prohibition | (9) | Signs at intersections and in advance of intersections where it is required to prohibit certain movements. |
| Do Not Enter | (10) | Signs at the end of one-way roadways to prevent traffic entering the restricted area. |
| One Way | (11) | Signs on highways upon which the traffic is required to |

travel in one direction only.

- | | |
|------------------------|---|
| Two Way Traffic | (12) Signs at the transition from one way to two way roadways to indicate that normal travel is restricted to the right hand side of the roadway. |
| Do Not Pass | (13) Signs at the beginning of a zone through which restricted sight distance makes overtaking and passing hazardous. |
| Keep Right | (14) Signs within and at the end of median strips and traffic islands. |
| Loading Zones | (15) Signs at locations where due to adjacent commercial facilities it is desirable to reserve space for loading and unloading commercial vehicles. |
| Truck Signs | (16) Signs in locations where truck traffic is prohibited or restricted. |
| Maximum Weight | (17) Signs at locations where due to seasonal weakening of road surfaces, obsolescence of bridges or pavements, or roadway repairs, loads in excess of those prescribed on the signs constitute a hazard to traffic or may cause excessive damage to the roads. |
| Maximum Speed | (18) Signs at locations where due to limitations of sight distances, road surfaces, traffic flows and frequency of intersections, speeds in excess of those prescribed on the signs constitute a hazard to traffic or may cause excessive damage to the roads. |
| Bus Stops | (19) Signs at locations where a bus or other transit vehicle stops to pick up passengers, and it is desirable to restrict stopping, standing and parking on the road to only such vehicles. |
| No Stopping | (20) Signs at locations where free flow traffic is required, and where it is desirable, therefore, to permit no stopping on the roadway, except in the case of an emergency. |
| School | (21) Signs at locations where it is required to give advance information and warning, such as the presence of a school adjacent to a roadway, a school crosswalk, or a school maximum speed zone. For the purposes of this subsection, the term "school" refers to all schools in the District of Campbell River. |
| Playground | (22) Signs at locations where it is required to give advance information and warning of a playground adjacent to a roadway, or its maximum speed zone. |

- | | |
|------------------------|--|
| Crosswalk | (23) Signs or lines at locations where heavy pedestrian traffic crosses a roadway and at locations other than an intersection, such as at schools, playgrounds and public buildings where it is required to control pedestrian traffic. |
| Angle Parking | (24) Signs or lines in locations where it is permissible to angle park. |
| Warning | (25) Signs at locations where it is required to warn traffic of hazardous conditions, either on or adjacent to the roadway or to prohibit traffic from using the roadway. |
| Traffic Signals | (26) Signs at intersections and other locations where the existing traffic control devices are not adequate to control the traffic efficiently |
| Taxi Zones | (27) Signs at locations, where due to frequent use by the public, it is desirable to reserve a place for taxi cabs to stop, stand or park to pick up fares. |
| Parking | (28) Signs at the entrance to a highway or upon highways where provision is made for parking of motor vehicles under the conditions of "No parking unless valid and subsisting passes or tickets are displayed on the dashboard of the vehicle and which are in full view through the front windshield of the vehicle. |
| No Passing | (29) Signs at locations approaching crosswalks, school and park zones indicating that passing is prohibited. |
| Fire Zone | (30) Signs at locations where standing, stopping or parking of a vehicle would impede the passage or operation of fire fighting equipment, indicating that the area is a "Fire Zone" and that standing, stopping or parking is prohibited in that area. |

SECTION 45 ORDERS:

- (1) Upon approval by the Administrator a Traffic Order will come into full effect.
- (2) A single order may contain any number of orders related to the matters set out in Section 44.

SECTION 46 CONTROL:

- (1) The Engineering Services Manager or Public Works Manager may order the alteration, repainting, tearing down or removal of any sign, advertisement or guide-post erected or maintained on or over any highway and in the exercise of this authority no compensation shall be paid to any person for loss or damage resulting from the alteration, repainting, tearing down or removal of any sign, advertisement or guide-post placed upon or over any highway.
- (2) No person, other than a person authorized pursuant to this Bylaw or the Motor Vehicle Act,

shall place or erect a sign on real property which purports to regulate the adjacent highway.

- (3) Where a traffic control device listed under Section 44 is down or missing such device/s shall be re-erected or replaced as soon as possible after such is brought to the attention of the Public Works Division with the re-erection or replacement to take place during the regular working day of that department taking into account weather conditions, financial resources, and other work priorities.

SECTION 47 TEMPORARILY CLOSING STREET:

- (1) When, for any reason, any highway or portion thereof, is unsafe or unsuitable for traffic, or it is deemed advisable that traffic should be restricted thereon or diverted therefrom, the Public Works Manager or Engineering Services Manager, Fire Chief, or any Peace officer, may close the highway, or portion thereof, or restrict or divert the traffic thereon or therefrom, and for that purpose, may erect traffic control devices pursuant to Section 44(6) of this Bylaw.
- (2) Council delegates to the Municipal Clerk the authority to close a highway or portion thereof for a parade or other special event.
- (3) Where a highway or portion thereof is temporarily closed or the traffic thereon is restricted or diverted under (1) or (2), then no unauthorized person shall enter upon, or travel upon the highway or portion thereof, in contravention of the applicable traffic control devices.

SECTION 48 HIGHWAY SIGNS:

Where traffic control devices have been authorized and placed or erected under the provisions of the Motor Vehicle Act by the Ministry of Transportation, the same shall be deemed to have been properly placed or erected pursuant to the provisions of this Bylaw.

SECTION 49 M.V.A. REGULATIONS:

Traffic control devices erected pursuant to this Bylaw shall, where applicable, comply with the sign regulations as set out in the Regulations to the Motor Vehicle Act.

PART X - VEHICLE REGULATIONS
DIVISION (1) - GENERAL REGULATIONS

SECTION 50 APPLICATION:

This Section does not apply to arterial highways.

SECTION 51 PROHIBITIONS:

Except as authorized by a permit issued by the Engineering Services Manager pursuant to Section 56 of this Bylaw, no person shall drive or operate on a highway:

- | | | |
|--|-----|---|
| Maximum Width/Length | (1) | a passenger vehicle so loaded that any part of the load extends beyond the sides of the vehicle or more than 185 cm beyond the back of the vehicle. |
| Solid Tires | (2) | a vehicle equipped with solid rubber tires, the thickness of which between the rim of the wheel and the surface of the highway is less than 32 mm. |
| Speed/Solid Tires | (3) | a solid rubber tired vehicle at a greater rate of speed than 20 kmh. |
| Spikes, Cleats, Other Attachments | (4) | a vehicle having wheels, or tracks constructed or equipped with projecting spikes, cleats, ribs, clamps, flanges, lugs, or other extend beyond the tread or traction surface of the wheel, tread, or track and except that this prohibition does not apply to a vehicle equipped with tire chains of reasonable proportions when required for safety or winter studded tires when used between October 1st and April 30th of each attachments or projections which calendar year. |
| Load | (5) | a vehicle unless it is so constructed and loaded as to prevent any of its load:
<ul style="list-style-type: none">(a) from shifting or swaying in such a manner as to affect the operation of the vehicle; or(b) from dropping, sifting, leaking or otherwise escaping therefrom, excepting that sand may be dropped for the purpose of securing traction, and water or other substance may be sprinkled on a roadway in cleaning or maintaining the roadway. |
| | (6) | a vehicle with any load unless the load and any covering thereon is securely fastened so as to prevent the covering or load from becoming loose, detached or in any manner hazardous to other users of the highway. |
| | (7) | a vehicle, other than on an Arterial Highway, contrary to the provisions of the Motor Vehicle Act, and the Motor Carrier Act, or the regulations pursuant thereto. |

DIVISION (2) - SIZE AND WEIGHT REGULATIONS

SECTION 52 DIMENSIONS:

Except as authorized by a permit issued by the Engineering Services Manager pursuant to Section 56 of this Bylaw and except as permitted under Section 53, no person shall drive or operate on any highway:

- MAXIMUM WIDTH** (1) a vehicle having a total outside width, with or without load, in excess of 2.6 m, except that with loads of loose hay, loose straw or loose fodder, the load may project over the side of the vehicle such distance as results in a total outside width not in excess of 3.1 m.
- MAXIMUM HEIGHT** (2) a Vehicle having a height, with or without load, in excess of 4.2m.
- OVERALL LENGTH** (3) (a) a single vehicle having an overall length, with or without load, in excess of 11 m, except as provided in (b), (c) and (d);
- (b) a trailer the overall length of which exceeds 12.5 m, except that in the case of a "reefer-van", the overall length may be extended to include the refrigeration and/or heating unit only;
- (c) a semi-trailer the overall length of which exceeds 14m, except that in the case of a "reefer-van" the overall length may be extended to include the refrigeration and/or heating unit only;
- (d) a bus the overall length of which exceeds 12.5 m,
- (e) a combination of vehicles having an overall length, with or without load, in excess of 20 m, except as provided in (f) and (g);
- (f) a combination of three vehicles consisting of a 3-axle tandem drive truck-tractor, semi-trailer and trailer, or a 3-axle tandem drive truck-tractor and two semi-trailers, having an overall length, with or without load, in excess of 22 m, provided that the distance from the kingpin of the first semi-trailer and/or its load does not exceed 16.75 m;
- (g) a combination of vehicles carrying a load of non-reducible logs, poles or piling in excess of 21.5 m.

SECTION 53 EXEMPTIONS:

Section 52 shall not apply to:

- (1) An implement of husbandry temporarily operated on a highway during the hours of daylight.

SECTION 54 ALL SIGNS TO APPLY:

Notwithstanding any of the provisions of the regulations under Section 52 or a permit issued pursuant to this Bylaw, the maximum height, length or width of a vehicle or load allowable on a highway or portion of a highway that is expressly limited as to maximum height, length or width of a vehicle or load by a traffic control device erected by or with the authority of the Engineering Services Manager shall be that set out on the traffic control device.

SECTION 55 WEIGHT RESTRICTIONS:

Notwithstanding any of the provisions of this Bylaw, no person shall, without a permit as specified in Schedule "G" attached to and forming part of this Bylaw, drive or operate a vehicle or combination of vehicles on any road listed below during the prescribed times with more than 70% of the gross weight as set out and registered under the regulations of the Motor Vehicle Act:

<u>Road</u>	<u>Time</u>
Erickson Road	January 1st to December 31 st
Argonaut Road between Hatchery Rd. and the South East corner of Lot 7, Plan 40732	January 1st to December 31 st

DIVISION (3) - PERMITS

SECTION 56 AUTHORIZATION:

- (1) The Engineering Services Manager by the issuance of a written permit in the form specified in Schedule "H" attached to and forming part of this Bylaw may authorize the driving or operation on a highway of a commercial vehicle that:
 - (a) Does not conform to Section 51 (General Prohibitions), and the fee for the permit shall be in accordance with the rates set out in Schedule "I" of this Bylaw.
 - (b) Does not conform to Section 52 (Dimensions), and the fee for the permit shall be in accordance with the rates set out in Schedule "I" of this Bylaw.
- (2) The Engineering Services Manager may specify in the permit the hours of day for which the permit shall be valid and the date for which the permit shall be valid and the route which shall be followed.

SECTION 57 PENALTY:

Any driver, operator or owner of any vehicle or any other person who violates any of the conditions contained in a permit issued pursuant to Section 56 commits an offence and is liable on summary conviction, to a fine of not more than Two Thousand Dollars (\$2,000.00).

PART XI - GENERAL

SECTION 58 ARTERIAL ROAD ACCESS

To ensure safe unobstructed and efficient vehicular movement, a maximum of one access per lot to an arterial road will be considered for approval only if the District determines that alternate access to the property is not physically possible. In considering property access applications for properties adjacent to arterial roads the District may require that the applicant (at their own cost) utilize a qualified professional transportation engineer to fully determine to the satisfaction of the District, the transportation and safety impacts of the proposed access.

SECTION 59 REMAINDER OF BYLAW TO BE MAINTAINED INTACT:

In the event that any portion of this Bylaw is declared ultra vires by a Court of competent jurisdiction, then such portion shall be deemed to be severed from the Bylaw to the intent that the remainder of the Bylaw shall continue in full force and effect.

SECTION 60 INCORPORATION OF EXISTING REGULATIONS:

SCHEDULE "F"

DISTRICT OF CAMPBELL RIVER TRAFFIC AND HIGHWAYS BYLAW NO. 3043

The permission and approval granted herein, is subject at all times to the following conditions:

SATISFACTORY COMPLETION	(1)	That the construction and maintenance of the said works is carried out to the satisfaction of the Engineering Services Manager
NOTICE	(2)	That before commencing with any work on District property, notice in writing of the intention to do so must be given to the Engineering Services Manager at least two (2) clear working days before the work is begun.
INSPECTION	(3)	(a) That any person or persons appointed by the Engineering Services Manager to carry out inspections, shall have free access to all parts of any work for the purpose of inspecting the same. (b) The Engineering Services Manager may make such inspections as are reasonably necessary in the enforcement of this Bylaw, and is empowered to provide a full-time Inspector if necessary. All inspection costs shall be borne by the Permittee.
RESPONSIBILITY	(4)	That the person or persons for whom these works are being constructed, or by whom these works are maintained, shall at all times, accept full responsibility for any accident that may occur or damage that may be done to any person or property whatsoever caused directly or indirectly by these works, and shall save harmless and keep indemnified the District from all claims and demands whatsoever in respect of these works and such works.
APPLICATION	(5)	The permission herein granted is not be construed as being granted for all time, and shall not be deemed to vest in the Permittee any right, title or interest whatsoever in or to the lands upon which the works are constructed. Should the lands affected at any time be classified as an arterial or primary highway, this permission shall become void.
WITHOUT PREJUDICE	(6)	That the permission hereby granted to construct, use and maintain work is granted subject to and without prejudice to the provisions of the Highway Act, or any other acts governing District lands and public works or their use by the public, and subject to and without prejudice to any District Bylaws
PROPERTY OF DISTRICT	(7)	All works, surface or underground, carried out in, on or through any District lands, except the works of any private or public utility company, shall, upon completion, become the property of the District of Campbell River and shall not be further added to, modified, destroyed or removed without obtaining a further permit from the District.
VALIDITY	(8)	This permit is valid only for the specific works stated herein. Any alteration or addition must be covered by a separate permit.
CANCELLATION	(9)	A permit may be cancelled at the direction of the Engineering Services Manager without recourse should the Permittee fail to comply with all the terms of the permit.

SCHEDULE "H"
DISTRICT OF CAMPBELL RIVER TRAFFIC AND HIGHWAYS BYLAW NO. 3043

USE OF PERMITS

1. The purpose of permits is to authorize movement of special loads within acceptable limits which exceed the normal loading restrictions in overall dimensions, or the movement of vehicles or loads which would otherwise be prohibited under Section 51 of the Traffic and Highways Bylaw.
2. Permits will be valid only for a single movement and for specific loads indicated on the application. Thus the Permit System will not form the basis of scheduled or repetitive trucking operations.
3. Notwithstanding 1, this permit shall in no way be construed as giving permission for the operation of a vehicle on any highway in contravention of any regulation, limitation or prohibition which may be made from time to time for the protection of the highway, pursuant to the District of Campbell River Traffic and Highways Bylaw, other than that specific regulation, limitation or prohibition which may be named in the permit.

CONDITIONS OF PERMIT

4. **Permittee to Assume Liability:**

The holder of the permit shall move the object or load described in the application entirely at his own risk and shall accept full responsibility for all damages or injury to any person or persons using the highway, or otherwise; and for any and all loss or damage on privately owned or District property which may result from the operation of the vehicle under the authority of the permit. The holder of the permit shall protect, indemnify and save harmless the District from all loss, damage or injury resulting, directly or indirectly, from the operation of the vehicle.

5. **Permittee to Ensure Vehicle Safety:**

The gross vehicle weight of the vehicle, or combination of vehicles, named herein shall not exceed the safe practical carrying capacity of the vehicular combination of vehicles or any of the component parts thereof. The permittee shall be responsible for the checking of the vehicle for which this permit is issued to ensure that it is mechanically sound.

6. The following regulations apply to the marking and travel of vehicles (loaded or unloaded) which exceed normal width and length regulations:

(a) Overall length (measured out to out of vehicle and/or load):

- (i) There shall be conspicuously displayed, at the extreme rear and extreme width of such loads, red flags during daylight hours and clearance lights during the period between sunset and sunrise, or at any time when the atmospheric conditions are such that objects on the highway are not plainly visible at a distance of 100 m.

(b) Overall width (over 2.5 m and less than 3.5 m overall):

- (i) There shall be conspicuously displayed, at extreme edges, red flags during daylight hours and clearance lights during the period between sunset and sunrise, or at any time when the atmospheric conditions are such that objects on the highway are not plainly visible at a distance of 100 m.

- (ii) Where the overall width is in excess of 3.5 m the load shall be preceded and followed by warning vehicles bearing red flagging and conspicuous signs reading "Wide Load Following" on the preceding vehicle, and "Wide Load Ahead" on the following vehicle. Such wide loads shall be moved during daylight.

7. Clearance Lights:

Every public service and commercial vehicle having a width in excess of 2.5 m, or a length in excess of 18 m including the load thereon, shall be equipped with clearance lights in accordance with the following provisions:

- (a) On the front of the vehicle, two amber lights, one at each extreme width of the vehicle and/or load and as near the top as practicable.
- (b) On the rear of the vehicle, two red lights, one at each extreme width of the vehicle and/or load, and as near the top as practicable.

Providing, however, in the case of a vehicle where it is impracticable to have clearance lights mounted at either the front or the rear of the body of the vehicle, then the said required clearance lights may be carried at the ends of a bar of pipe securely attached to the top or the rear of the cab of the vehicle in such a manner that the extreme width of the truck and/or load may be plainly indicated from the front and the rear of the vehicle.

- (c) All public service and commercial vehicles, including pole trailers, shall, when carrying loads of lumber, poles, well casing or other materials which extend beyond the rear of the vehicle, be provided with flexible extension cords for the purpose of displaying red clearance lights at the extreme rear and extreme width of such loads.
- (d) In the case of semi-trailers or any combination of vehicles which exceed 10.5 m in length, then in addition to the above requirements, a red lateral light shall be located as near the centre as possible on the left side of the vehicle and in such a position as to make it clearly visible from any vehicle approaching from the left.
- (e) All clearance lights shall be controlled from a circuit that is separate from the head and tail light circuit of the vehicle.
- (f) All clearance lights shall be such and so placed that they shall be visible from a distance of at least 150 m under normal atmospheric conditions.
- (g) During the period between sunset and sunrise or at any time when the atmospheric conditions are such that objects on the public highways are not plainly visible a distance of 100 m the said clearance lights shall be alight.

- 8. Before commencing to move the object or load, the operator shall ascertain whether the dimensions of the object or load are such as would collide with any guide-post or railing along the highway or with any portion of ridges through which he might have to pass. Under no circumstances shall such posts or railings be removed without permission from the Engineering Services Manager.
- 9. The operator shall also ascertain if there are any telephone, telegraph or power wires under which the object or load has to be moved and if the height of the object or load is such as is likely to collide with such wires in any degree, then under no circumstances shall the object or load be moved until the consent of the agency owning the wires has been obtained.
- 10. If, in the opinion of the Engineering Services Manager, the operation of the vehicle is found to be causing injury or damage to the highway, or it is found that the operation of the vehicle

is not in the interest of the public, the Engineering Services Manager may suspend or cancel the permit.

11. It shall be sufficient notice that the permit is suspended if such notice is given by the Engineering Services Manager, or by any person authorized by the Municipal Clerk, verbally or otherwise, to the person owning or to the person driving or operating the vehicle, and no formal notice of suspension shall be required.
12. **THIS PERMIT SHALL BE PRODUCED FOR INSPECTION UPON DEMAND OF ANY PEACE OFFICER OR ANY PERSON AUTHORIZED BY THE ENGINEERING SERVICES MANAGER.**
13. No person shall change or alter this Permit in any manner, unless he is authorized to do so by the Engineering Services Manager.
