Proposed Directions:

Please take a moment to review the proposed directions for lands adjacent to the Estuary, let us know your level of agreement, and share any comments, concerns, or suggestions for improvement.

Rezone Adjacent Properties to New Custom Zone

1.) Rezone parcels adjacent to the estuary to the new Estuary Multi-Family Residential zone (see Estuary Zoning display boards for details).

Level of Support: (please check only one)

Comments:

Prevent Lower Density Residential Near the Estuary

2) Prevent low-density residential development in the areas directly adjacent to the estuary (as shown on Estuary Zoning display boards). Low-density residential is often high-impact on adjacent environmentally sensitive areas (ie. , yard waste, encroachment, piecemeal development not capable of offering larger scale site improvements).

Comments:

Allow Recreational Marinas

3) Permit recreational marinas in the new custom Estuary Multi-Family Residential zone (as a means to encourage redevelopment and the environmental improvements that come with it).

Comments:

Density Bonusing for Environmental Improvements

4) Include residential density bonusing provisions for environmental and shoreline improvements, potentially to allow buildings up to 8 storeys in height.
