WATER DISTRIBUTION SYSTEM FLUSHING

Notice to the water users in the Campbellton area

The City will flush water mains from February 27 to March 10, 2017 from 8 a.m. to 4 p.m. in the Campbellton area.

This procedure is part of regular preventive maintenance to remove sediment that gradually deposits in the water pipes.

During the flushing process, temporary water interruptions will occur and water pressure could be reduced. City staff will work to minimize any inconvenience.

No change in water quality is anticipated, and this work presents no health risks.

Periods of discolouration may take place during flushing. Reducing water use during flushing hours will help minimize the amount of sediment and discolouration introduced into household systems.

In the event of cloudy or discoloured water, **run cold water from a bathtub tap for 15-20 minutes** or until the water clears.

PUBLIC HEARING NOTICE OPPORTUNITY FOR INPUT Zoning Bylaw Amendment

A Public Hearing will be held in the Council Chambers of City Hall located at 301 St. Ann's Road in Campbell River, B.C. at 6:30 p.m. on March 6, 2017 to provide an opportunity for public input on Bylaw No. 3646, 2017.

What is the purpose of Zoning Amendment Bylaw No. 3646, 2017?

To amend Zoning Bylaw 3250, 2006, to rezone the property located at 661 Dogwood Street from Residential One (R-1) to Residential Two (R-2) to permit the construction of a duplex.
