

Larwood/Erickson Sewer Upgrade News

Sewermain Installation Resuming Soon!

March 29, 2019

Here's what you need to know:

Construction

Windley Contracting Ltd. crews will be returning to the area in early April to complete the storm drain works and pave the remaining section on Larwood Road. Once this has been accomplished, they will move to Harrogate and continue installing the new sewermain towards Erickson where they will then follow Erickson west towards Fairmile.

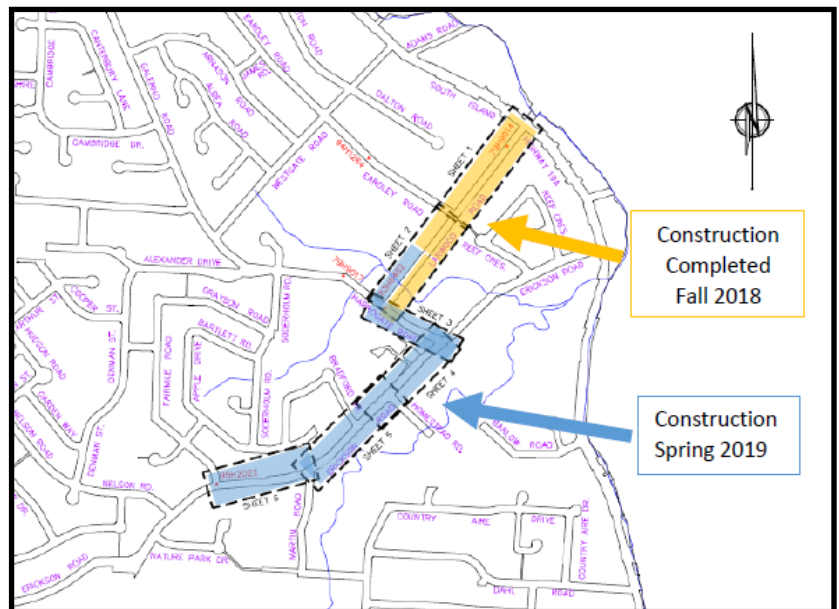

Traffic Management

Traffic management is the responsibility of the contractor. It is anticipated that single lane alternating traffic will be maintained as vehicles move through the construction zone.

Please obey traffic control personnel as they help to guide you through the construction zone.

Construction Schedule

The contractor is returning to Larwood Road in early April and is expected to have the remaining sewermain installed by late Summer 2019.

We appreciate your continued understanding as we work to complete this project.
