

# Larwood/Erickson Sewer Upgrade News

May 17, 2019

## Sewermain installation is now moving to Harrogate Road

Here's what you need to know:

### Construction

Windley Contracting Ltd. crews are finishing up on Larwood Road and moving to Harrogate Road. Work will take place between Larwood and Erickson roads with the continuation of the new sewermain installation. This work is expected to take approximately six to eight weeks starting late May.

### Traffic Management

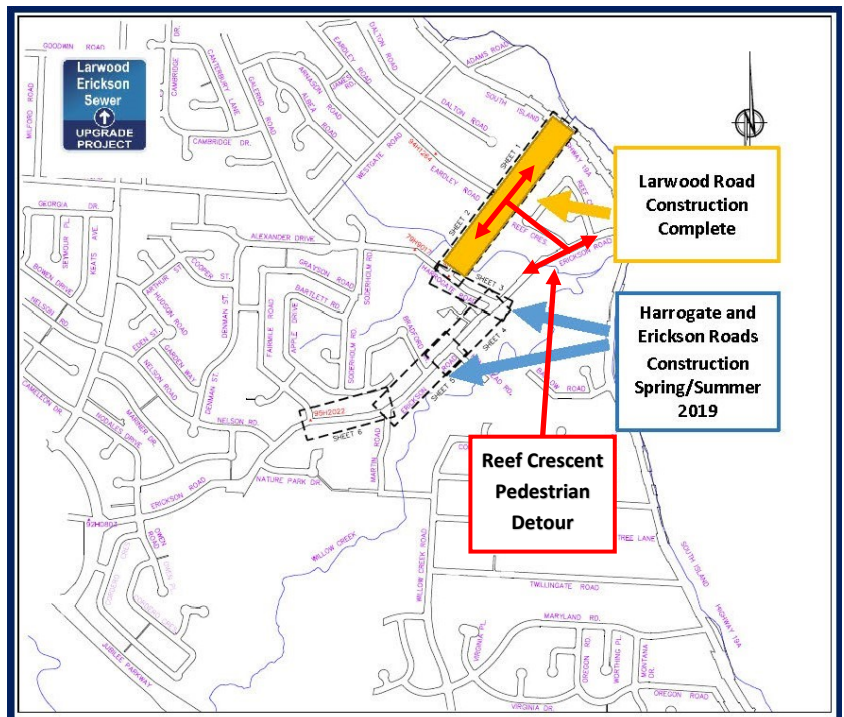

Single lane alternating traffic will be maintained as vehicles and pedestrians move through the construction zone. We recommend using alternate routes whenever possible as there will be considerable disruption. Erickson Road pedestrians are encouraged to access Larwood via Reef Crescent (noted in red on the map) while work is underway on Harrogate.

Thank you in advance for considering traffic control personnel as they help to guide you through the construction zone.

### Construction Schedule

It is anticipated that the contractor will begin work on Harrogate Road the week of May 27th, for six to eight weeks.

We appreciate your continued understanding as we work to complete this project.
