## SERVE YOUR COMMUNITY ON THE BOARD OF VARIANCE

Apply to serve on the Board of Variance, an independent panel appointed by Council to consider minor variances from the City's Zoning Bylaw. Two appointments are available for terms commencing March 31, 2023, through to March 31, 2026.

Appeals to the Board are generally made by homeowners or developers when compliance with a minor aspect of a Zoning Bylaw (such as a side yard setback) would cause "hardship" to the applicant. The Board will consider whether the application is "minor" and whether "hardship" is evident and will either deny or approve an application. The Board hears representations from an applicant and/or their neighbours before making a decision. City staff provide administrative and technical support.

Why join? This is an opportunity to play a role in development-related decision-making in Campbell River. No specific knowledge or qualifications are required, but an interest in civic governance and land use regulations is important.

Members must be available to meet during working hours with at least 10 days' notice. The Board meets for approximately an hour when applications are received, typically 3 to 5 times a year.

Applications must be received by 4:30 p.m. on Friday, March 10, 2023.
