Q: Do I need a second licence for a second business location?

A: Yes. You require a Business Licence for each location of your business.

Q: How do I renew my Business Licence?

A: You will be mailed a renewal notice approximately one month prior to the expiration date of your licence. Licence renewals may be paid by mail, in person at City Hall, or on the City's secure website at www.campbellriver.ca.

Q: If I stop operating my business, do I have to notify anyone?

A: Yes. You need to contact the Development Services Department either in writing or by phone (250-286-5757) to inform them that you are no longer operating. This will ensure that you do not continue to receive annual renewal invoices.

Q: Do I require a sign permit?

A: If you are contemplating placing a sign on your commercial building, a sign permit may be required. Home-based businesses do not require a sign permit for a non-illuminated sign no larger than 0.4 square metres that is placed entirely on your own property.

Important Considerations Prior to Opening Your Business

ZONING

Before leasing or purchasing space for your business, check to ensure the zoning of the property is suitable for the type of business you are contemplating.

Home-Based Businesses must meet the requirements for the Home-Based Business Rules and Regulations contained within the City of Campbell River Zoning Bylaw 3250.

BUILDING INSPECTION

Before a licence can be approved, a building inspector must approve the proposed premises for occupancy. Please note that you may be required to apply for a building permit when you add to an existing building; change the occupancy of an existing building; make interior renovations; make changes to any exits; make additions or changes to the plumbing, fire alarm, or fire sprinkler system.

Contact a Building Official in the Development Services Department for information on specific requirements of your business plans along with the requirements for making a building permit application.
